# CONFERENCE PURPOSE

RCCC will provide a unique opportunity to share science, on-the-ground experiences and policy developments across different countries and communities, with a special focus on early career professionals and female participants, especially from the Global south. RCCC aims to foster future research through the use of state-of-the-art methods in climate modelling, regional/local climate impacts and risk assessment. RCCC is intended to be held bi-annually on a rotating basis in Sri Lanka and Thailand.

## WHY ATTEND RCCC 2025?

### Share

We cordially invite you to attend RCCC 2025, which has been meticulously designed to provide a rich and dynamic platform for the exchange of ideas and knowledge.

### Network

The event will offer unparalleled opportunities to participate in international networking with leading scholars, researchers, and professionals from across the globe.

### Improve

In addition, attendees will have access to a series of engaging workshops led by esteemed experts, which will enable them to develop and enhance their skills in their respective fields.

### Experience

Whether you choose to attend in person or virtually, our event promises to be a valuable and enriching experience.
